

Privacy Policy UnitedCV

Last updated: June 2026. This policy explains which data UnitedCV processes, why this happens, and which rights users have.

Dofsky Digital

Trade name/project: UnitedCV
Chamber of Commerce: 42069974
VAT ID: NL005471682B89
Email: support.unitedcv@gmail.com

1. Who are we?

UnitedCV is an online service by Dofsky Digital that allows users to quickly and affordably create, improve, and download a CV and/or cover letter.

2. Which personal data do we process?

Depending on how the website is used, the following data may be processed:

- name, job title, phone number, email address, and location that you enter in your CV or cover letter;
- work experience, education, skills, languages, profile text, cover letter text, and any profile photo;
- user ID, profile name, credit balance, statistics, ranks, and usage activity within UnitedCV;
- payment status, selected package, Stripe session ID, and technical data needed for payment and credit allocation;
- technical data such as browser information, error messages, and server logs for safety and stability.

3. Why do we process this data?

We process data only for purposes that fit the service:

- displaying, saving, and generating CVs and cover letters;
- creating PDF downloads;
- managing credits, purchases, AI actions, and profile statistics;
- processing payments via Stripe;
- improving, securing, and keeping the website stable;
- answering questions or support requests.

4. Local storage in your browser

UnitedCV is designed to stay simple and lightweight. Some data may be stored locally in your browser, such as drafts, profile data, templates, statistics, and preferences. This lets you continue later on the same device. If you delete your browser data, locally stored data may disappear.

5. Server storage and user ID

For credits, payments, and some profile data, UnitedCV may use a technical user ID. This ID helps link credits and purchases to the right user without requiring an account.

6. Payments via Stripe

Payments are processed via Stripe. UnitedCV does not receive full payment card details. Stripe may process data such as name, payment method, payment status, transaction amount, and technical payment information. Stripe's own privacy policy also applies.

7. AI functionality

When you use AI help, the text you want to improve may be temporarily sent to an AI service to create an adjusted text suggestion. Do not enter sensitive or unnecessary personal data into AI fields. AI results may contain mistakes; you remain responsible for checking the text.

8. Legal bases under the GDPR

We process personal data on the basis of one or more of the following legal bases:

- performance of a contract: to deliver the requested digital service;
- legitimate interest: to keep the website safe, stable, and usable;
- legal obligation: for example tax administration around payments;
- consent: when legally required, for example for certain cookies or optional features.

9. Retention periods

We do not keep personal data longer than necessary. Locally stored data stays on your device until you delete it or your browser removes it. Payment and administrative data may be kept for as long as legally required or necessary.

10. Sharing with third parties

We share data only when necessary for the service or legally required. Possible parties are:

- Stripe for payments;
- hosting and server providers for running the website;
- AI service providers when you use AI functionality;
- government authorities when legally required.

11. Security

UnitedCV takes appropriate technical and organizational measures to protect data against loss, misuse, and unauthorized access. No system is completely risk-free, so avoid using unnecessarily sensitive data in your CV, cover letter, or AI input.

12. Your rights

Under the GDPR you have rights including access, correction, deletion, restriction of processing, objection, and data portability. Send requests to support.unitedcv@gmail.com. We may ask for information to verify your request.

13. Cookies and similar technologies

UnitedCV may use functional storage required for the website to work, such as local storage for drafts, credits, and user ID. If analytics or marketing cookies are added later, this will be stated separately and consent will be requested where required.

14. Changes

This privacy policy may be updated when UnitedCV changes, for example with new features such as accounts, PDF storage, or extra payment methods. The newest version will be available on the website.

15. Contact
